### Quality Indicator Surveys

During studies, students may receive surveys. This helps ATMC towards continuously improving our training services and reporting our quality to the regulators. For students who enrol under the Skills First Program, please be advised that you may receive an invitation to participate in an NCVET survey, the Department's Annual Student Outcome Survey, Department endorsed project and/or being contacted by the Department (or persons authorised by the Department) for audit or review purposes.

\*Tuition fees and other course related fees are not subject to change once a student has enrolled.

## DESCRIPTION

This qualification provides the skills and knowledge for an individual to be competent in a wide range of general information and communications technology (ICT) technologies and to support small to medium enterprises (SMEs) that require broader rather than more specialised ICT support.

Persons working at this level apply a wide range of knowledge and skills in basic networking, ICT support, database development, programming and web development support; working safely and ethically in a sustainable work environment.

### Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this qualification at the time of publication.
