### Quality Indicator Surveys

During studies, students may receive surveys. This helps ATMC towards continuously improving our training services and reporting our quality to the regulators. For students who enrol under the Skills First Program, please be advised that you may receive an invitation to participate in an NCVET survey, the Department's Annual Student Outcome Survey, Department endorsed project and/or being contacted by the Department (or persons authorised by the Department) for audit or review purposes.

\*Tuition fees and other course related fees are not subject to change once a student has enrolled.

## DESCRIPTION

This qualification provides the skills and knowledge for an individual to administer and manage information and communications technology (ICT) support in small-to-medium enterprises (SMEs) using a wide range of general ICT technologies.

Persons working at this level provide a broader rather than specialised ICT support function, applying a wide range of higher level technical skills in ICT areas such as networking, IT support, database development, programming and web development.

## Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this qualification at the time of publication.
