DOMESTIC STUDENTS

ICT50115 | Diploma of Information Technology

Released 2 (14/01/2016)

This qualification provides the skills and knowledge for an individual to administer and manage information and communications technology (ICT) support in small-to-medium enterprises (SMEs) using a wide range of general ICT technologies.

Persons working at this level provide a broader rather than specialised ICT support function, applying a wide range of higher level technical skills in ICT areas such as networking, IT support, database development, programming and web development.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.
